

Vantage Point Bursary Application

We are happy to consider requests for bursaries to cover part of the costs for certain workshops and advanced learning programs from organizations that cannot afford registration fees.

Guidelines:

- The bursary is available for members of Vantage Point
- An organization is able to receive a bursary for 1 staff person or volunteer to participate in one workshop or select advanced learning program per year
- At least half of the registration fee for the workshop or program must be covered by the applying organization

To determine eligibility, please complete the application on page 2 and submit along with:

1. A brief description of your organization's services and/or your mission/mandate.
2. The reason your organization is seeking assistance
3. The perceived impact the workshop will have upon your organization

Please submit your bursary application to:

Marife Sonico

Workshops Program Coordinator

By email to msonico@thevantagepoint.ca by fax 604.875.0710
