

The Abundant Not-for-Profit Book

**It's time to combine two supposedly opposite concepts: abundance and not-for-profit.
It's time to replace scarcity with possibility.**

We've seen it happen. It's a game changer.

Get ready for theory, tips, case studies and practical tools that will equip you to attract, meaningfully engage and align an abundance of talented people towards your mission.

What sector leaders are saying:

"The Abundant Not-for-Profit points the way to a more sustainable future for the organizations that represent the very foundation of civil society."
- **Linda Crompton, former President and CEO, BoardSource**

"The Abundant Not-for-Profit is that rare leadership book that inspires you to think differently and equips you to act. One read of this book, and you'll be leaping towards possibility!" - **Hildy Gottlieb, author, The Pollyanna Principles**

"A must-read for sector leaders eager to tap into the potential of their networks to reach mission success. I'll be buying copies for my colleagues this year that will come with lots of sticky notes." - **Anil Patel, Executive Director, Framework**

"The Abundant Not-for-Profit is both inspirational and practical, providing a roadmap for any organization wishing to thrive in the years to come. It will transform your thinking from insufficiency to abundance."
- **Susan J. Ellis, President, Energize, Inc.**
