

Join the Movement

By reading *The Abundant Not-for-Profit*, you've joined a movement of innovative not-for-profit leaders across North America who are reinventing their organizations and blazing a new path to abundance.

After working with not-for-profit leaders for over 70 years, we know every organization has a unique history, mission, culture and structure.

Your next steps will be equally unique. From organizational culture to planning, from good governance to excellent people processes, there are dozens of ways to begin building an abundant not-for-profit.

Whether you're looking for webinars, workshops, consulting or coaching, we can design and deliver customized solutions for your organization. We'd love to be the keynote speaker at your next conference or event!

Email [Carla Koulas](#), **Capacity Development Lead**, or phone 604.637.8297 to explore how we can work together.

Call and tell us what you're doing! Share your questions and stories with us [on Twitter](#). We'd love to connect with you.
