About

Kathleen Lane

Learning & Evaluation Manager

Kathleen Lane was drawn to Vantage Point's focus on lifting the capacity of not-for-profit organizations. As Learning Manager, she draws from her management experience, research in adult education and over 10 years experience creating and facilitating leadership programs - to develop, evaluate, and continually improve Vantage Point's programs. Since earning her MBA from UBC's Sauder School of Business, Kathleen has provided organizational development consulting to a variety of not-for-profits and social enterprises. She is highly involved in the not-for-profit sector, serving as the course coordinator for the Alpine Club of Canada's Squamish section. When she's not working, you can generally find Kathleen deep in the mountains: hiking, rock climbing, skiing, or training for her next ultra-marathon. Ask Kathleen about opportunities to develop and improve Vantage Point's programs or about the findings from her research project identifying the impact of teaching practice on student well-being.
